THREE MEN CLOSE FOR SECOND PLACE ON COUNCIL TICKET

Gene Nisbet Easy Winner With Andreas Next—Detailed Figures Given

Upland had a spirited ballot race Tuesday—the race being for second place, according to analysis today of the election returns.

Eugene Nisbet was the popular choice for a place on the city council but totals at each of the three voting places gave a different candidate as a second place choice.

Godfrey Andreas carried a strong enough second place lead over his competitors at the chamber of commerce voting precinct to give him victory—along with Mr. Nisbet.

V. H. Wilson, who missed being elected by only 39 ballots, was in second place at the elementary school voting place. Voters balloting at the library apparently favored Mr. Nisbet and W. H. Wenger, giving the latter the second place rating.

The city clerk's contest was also close but in every voting place J. Lynn Grahame received enough of a margin to give him victory over Eldon Bert. Lewis Jenison was the other city clerk candidate.

Following is the tabulation of city council votes by voting places:

ELEMENTARY SCHOOL

Nisbet, 239; Wilson, 162; Andreas, 148; Sachs, 121; Wenger, 111; W. H. Andrews, 109.

LIBRARY

Nisbet, 198; Wenger, 146; Wilson, 132; Andrews, 132; Andreas, 125, and Sachs, 113.

CHAMBER OF COMMERCE

Nisbet, 200; Andreas, 177; Sachs, 135; Wilson, 117; Wenger, 102, and Andrews, 89.

TOTAL VOTES

Following is the total votes received by the candidates:

Nisbet	637
Andreas	450
Wilson	411
Sachs	369
Wenger	359
Andrews	330

CITY CLERK

Final figures on the city clerk's balloting follow:

Grahame	662
Bert	532
Jenison	147

CITY TREASURER

Owen E. Atwood, city treasurer, unopposed for reelection, was given a complimentary vote by 1157 persons.

Apples Here Nearly Ready for Harvest Due to Early Bloom

An apple crop will be ripe for harvesting in Upland soon.

Miss L. Littooy, 185½ Second avenue, inspected a young apple tree in the rear of her property this morning and counted quite a few fairly good sized apples. The tree bloomed in December due to the unusually warm weather and the mild climate since then has been ideal for development of the out-of-season fruit.

It's the first crop for the tree and Miss Littooy is really not certain whether it is the weather or perhaps a rare variety of apple that resulted in the early blooming and early crop.

HUGE OUTLET FOR STORM WATERS IS NEARLY FINISHED

Gigantic Conduit on Eighth Street About Ready For Run-off

An outlet for storm waters on Euclid, Campus and other avenues will soon be completed.

Workmen are today digging a huge trench across Euclid avenue, this being the last phase of a one year-long WPA construction project. A rock-cement conduit has been placed on Eighth street, beginning at a point near Grove avenue. Gradually working west, the construction crew will finish its gigantic task early next month when the conduit is finally extended to the west side of Euclid

Size of the conduit is 5½ feet by 4½ feet. In times of heavy downpours, this conduit will take the water from Euclid and Campus to the Cucamonga wash. The project is two-fold in purpose—to divert the flood waters from the avenues and to conserve it in the wash.

Intakes will be placed at Euclid avenue gutters, permitting the flood waters to enter the conduits. Similar intakes have been constructed at Campus avenue.

Already constructed on Fifteenth street is a conduit for storm waters almost identical in size to the Eighth street project. The next project for the WPA workers is a similar storm drain on Nineteenth street from San Antonio to Euclid avenue.

In connection with the flood control project, 15 settling basins have been erected in Cucamonga wash. This water diverted into the various storm drains will eventually find its way to Cucamonga wash and the settling basins will aid in inducing the water to go into the underground basins.

U. S. Marshal Who Fired Gun Opening Oklahoma, Visitor

Wednesday was a red letter day for Robert Speer of San Antonio Heights, for he entertained as his guest Edward Duman Mix of Hollywood, whom he had not seen in 46 years.

Edward Mix was the first United States marshal in Oklahoma, and he was the person who fired the gun opening the territory for colonization. Mr. Speer served under him as deputy sheriff in the early days in Oklahoma.

Summer arrived for sure today with the temperature at 2 p. m. registering 91 degrees. Yesterday's maximum was 90, while Wednesday's peak was 84.

While many Upland residents considered the heat "unseasonal", and believed that the weather man had mixed his dates, a check of April temperatures the past two years reveals that heat in April is not unusual.

In 1939, a warm spell in April kept the mercury maximum at 90 and 88 for almost a week. In 1938, two days with maximums of 90 and 92 indicated the peak of a similar heat wave.

The weather is likely to speed up irrigation.

Railway Commission Frowns On Right-of-Way for Advertising

The large advertising sign recently placed on the Pacific Electric Co. station grounds on Second avenue has been ordered removed. Word to that effect was received in Upland yesterday and announced by Harry Wright, the local passenger agent.

It soon developed that numerous persons objected to the sign.

URGENT CALL FOR KNITTERS ISSUED

Mrs. Flowers Needs Aid in Making Garments for Finnish Relief

Mrs. Harry W. Flowers, production chairman for the Upland chapter of the Red Cross, has broadcast an urgent appeal for women who can knit.

A new quota assignment of garments for Finnish relief has been received by the local chapter and to Mrs. Flowers goes the responsibility of seeing that the garments are produced on schedule.

QUOTA ANNOUNCED

The quota assigned the local chapter includes 60 sweaters, 60 dresses for women and children and 10 layettes. These garments are to be ready by June 1.

While many assistants will be needed to make the dresses and layettes, it is the knitting that is giving Mrs. Flowers the greatest concern. There are many women who can sew, but those who can knit sweaters are not so numerous and the work is much more tedious.

Realizing the urgent need for aid for the war-stricken Finns, Mrs. Flowers is making every effort to rush the work.

The dresses have been cut out and are ready to be taken home for sewing up and anyone who can sew is urged to help with the work.

Mrs. Flowers especially requests all knitters who will aid in this important work to notify her at once.

A jury in Judge Allison's court at San Bernardino yesterday returned a verdict of not guilty in the case of James Harris, Negro, accused of highway robbery. Edward E. Gray, local attorney, acted as counsel for the defendant by appointment of the Superior Court.

Thomas Sheridan, white, testified on the stand that on the night of February 3, last, he had been held up and robbed by two Negroes in Meadowbrook park in San Bernardino, and he positively identified Harris as one of the robbers. The defendant, however, consistently denied all knowledge of the robbery and the jury evidently believed him.

Harris is commonly known as "Junk Shorty" and for the past fifteen years or more has earned his living by collecting old iron and junk. He uses a pushcart in his work and it is said that everybody in that portion of the city knows "Junk Shorty".

Miss Virginia Bassett, interpreter of Negro folk lore, gave a highly entertaining program of readings and pianologues based on Negro characters she had known in her early life on a plantation in Alabama.

The philosophy, humor, religious fervor, tenderness and bossiness of Aunt Mandy, her colored mammy, were revealed in her first group of characterizations.

"I still find myself influenced by Aunt Mandy," said Miss Bassett, in telling of her dislike of "rancid thanks" or long-delayed bread-and-butter letters.

Superstition of the Negro she described as being a hangover from the jungle life in Africa.

The Negro's natural sense of syncopated rhythm accounts for our present swing music, the speaker believes. We must admit that the Negro has enriched American life, she said.

Mrs. Chas.V. Benson, unit president, conducted the usual business session and for the information of the district president, reports of the major activities of the various departments of the unit were given.

Mrs. Leinau spoke interestingly of the work being done by the Auxiliary throughout the district, and gave a comprehensive report of the recent meeting of the state executive board.

At the conclusion of the business session the meeting was turned into a party, with a card tourney being enjoyed and refreshments being served by the hostesses of the evening, Mrs. LeGrand H. Cortright and Miss Elizabeth Fossett.

Giving the club rooms a homelike atmosphere, many flowers were used in decorative arrangement.

During the meeting announcements were made of the Twenty-fifth district meeting to be held on April 19 in Victorville and of the luncheon to be held in Riverside on April 22 in honor of Mrs. William Corwith, national president of the Legion Woman's Auxiliary.

State D. U. V. Heads Make Official Visit Here

A fine welcome was given the state president of the D. U. V. when the Mary Brainard tent, meeting in the W. R. C. Memorial hall last night welcomed Mrs. May G. Woodman of Oakland. Also honored at the well-attended meeting was Mrs. Clara Lewellyn of Lynwood, senior vice department president. Another special guest was Mrs. Estella Guthrie of Redlands. The state officers made their official visit last night.

Mrs. Harry Fies, president, announced the department convention in Long Beach on May 12, for which delegates were named at the last meeting. She also asked members who could attend the Southern counties federation in Glendale April 30, to notify Mrs. Sadie Benner. The meeting will be held in the Masonic hall.

A pleasant social hour followed. Refreshments were served by Mrs. Maude Tuntland and her committee.

Business Women Score Success as Honor Paid Employes

With the tables beautifully decorated with spring blossoms, candles and colorful paper umbrellas (for April showers) as place favors, members of the Upland Business and Professional Women's club, their employers and other guests met for dinner last evening at the Upland Woman's clubhouse, the occasion being designated as "employers' night".

The meeting opened with the reading of the collect by Mrs. George Gunderson of Ontario, president of the San Bernardino County Federation B. P. W. C.

Introduction of the members and their guests revealed at least one guest for each member present.

Mrs. William A. Gilliland, club president, conducted a brief business session, during which the nominating committee suggested the following nominees for office: Mrs. Gilliland, president; Mrs. Paul Hottel, first vice-president; Miss Lucille Stipe, second vice-president; Miss Geraldine Riggs, recording secretary; Mrs. Harry Plum, corresponding secretary, and Miss Kathryn Applebury, treasurer.

Since nomination is tantamount to election, according to club custom, the nominees are certain to be elected at the May meeting.

Announcement was made of the Southern district convention to be held at Coronado on April 20 and 21, and Mrs. E. Tweed Stone told of plans for the celebration of the club's twentieth anniversary on May 16, when all present and former members and other guests will be invited to attend.

Presented by Mrs. Gilliland, Miss Hester Mackay, chairman for the evening, explained the topic of the program, "Meeting Human Needs in a Democracy", mentioning especially health, education, music, recreation, etc.

Exemplifying these points, Miss Jane Ronner, harpist, of Cucamonga, played the Londonderry Air, and Miss Lucille Stipe gave a reading, "At the Baseball Game".

Dr. Norman Abbott of Ontario told of the work of the County Tuberculosis association and exhibited a motion picture stressing the necessity for proper education in health maintenance.

Miss Elizabeth Wright delighted the audience with two songs, "The Greatest Wish" and "A Bowl of Roses". She was accompanied by Mrs. Ralph J. Wilson.

Presented by Miss Mackay, Miss Jessie Brown, principal of the Upland Elementary school, introduced the speaker of the evening, the Rev. Herschel R. Griffin, professor of psychology at Chaffey junior college, and a retired Baptist minister.

Mr. Griffin used as the basis of his address a quotation from John Stewart Mills, "History shows us that there are political, economic and social forces sweeping over our people, carving out new shorelines of thought".

Pointing out that such a wave of new ideals caused our forefathers to leave Europe and establish in America a free government of the people, by the people and for the people, with Constitutional safeguards of independence and liberty, the speaker warned of a present day urge to return to centralized government. Only intelligent analysis and constant effort can avail against the present trent, he stated.

Guests attending were Fred Draper, Wm. A. Gilliland, O. P. Brady, Geo. L. Winter, Rev. and Mrs. Herschel R. Griffin, Mrs. Eva Phistner of Winchester, Ind.; R. V. Ward, R. C. Norton, Mrs. Ona M. Green, E. Tweed Stone, C. H. Linsley, Mrs. George Gunderson of Ontario, Dr. T. T. Ackerson, Mr. and Mrs. Robert L. Berg of Alta Loma, Miss Helen Lour and Miss Bernice Volkers of Casa Colina, Mrs. R. J. Wilson, Dr. W. W. Fenton of San Bernardino, Dr. Norman Abbott of Ontario, W. Merle Rash, Miss Jane Ronner and Miss Dulcie Beecroft.

The hostess committee included Miss Hester Mackay, chairman; Miss Jessie Brown, Mrs. Lottie Fuller and Mrs. T. T. Ackerson.

Mr. and Mrs. C. N. Drake, 1070 San Bernardino road, are enjoying a visit from Mrs. Drake's cousins, Mr. and Mrs. Ralph Freeman and son Billy of Detroit, Mich. The guests arrived Tuesday and expect to remain here for a few weeks.

The Rev. A. M. Climenhaga, acting president of Beulah college; the Rev. Alvin C. Burkholder, H. R. Alderfer and E. L. Eyer were chosen delegates to represent the Upland Brethren in Christ church at the general conference to be held in Oklahoma in June.

Well-Known Upland Couple Married In Las Vegas

Of wide interest to their many Upland friends is the announcement of the marriage of Mrs. Eucola Hughes, daughter of Mr. and Mrs. N. P. Poole, 458 North Euclid avenue, and William L. Hall, son of Mr. and Mrs. C. W. Hall, 358 East Arrow highway. The ceremony was performed in Las Vegas, Nev., Saturday at 7 p. m. by the Methodist minister. Both are long-time residents of Upland.

Accompanying the couple to Las Vegas were Mr. and Mrs. James O. Coleman, Los Angeles, brother-in-law and sister of the bridegroom, and Miss Helen Hughes, daughter of the bride. Mrs. Hall wore a becoming traveling suit of moss green, with harmonizing accessories.

Returning to Upland Sunday evening, the couple was honored at an informal dinner given by Mr. and Mrs. C. W. Hall. Sweet peas were used in the decorations and a lovely white cake, baked by Mrs. C. W. Hall, was cut by the bride. Used in the table setting was an heirloom platter, a wedding gift for the bridegroom's great-great grandparents.

Mr. and Mrs. W. L. Hall, and Helen, Byron and Burton Hughes are living at 445 North Second avenue.

The bride is office nurse for Dr. W. L. Harner, 240 East Ninth street, and the bridegroom is associated with his father in the oil business.

TODAY'S BIBLE VERSE

If we confess our sins, He is faithful and righteous to forgive us our sins, and to cleanse us from all unrighteousness.—I John 1:9.

Our Town and Its Characters

This town has many interesting characters who would provide material for a good book such as "Our Town", written years ago by William Allen White, noted Kansas editor.

Just as each chapter of that book is devoted largely to an individual of wide or unusual activities, so would local residents be very fitting personages for each chapter of a similar book.

The biggest difficulty for an author of "Our Town"—meaning Upland—would be finding a place to start—and stop. Of course, there should be a chapter devoted to Godfrey Andreas. Not so well known, but nevertheless a character who definitely is a part of life in Upland is John Palmer, the town's pioneer bicycle dealer.

Adelaide Plum—at the chamber of commerce office—is mentioned in almost every community activity.

There's a former Uplander visiting in town today. And whom did he ask about? Perry Long. The visitor said he was here when the veteran barber's hair was a beautiful black and when the community was in swaddling clothes. Other early settlers like Frank C. Buffington, Paul Bodenhamer and N. D. Allen would, of course, be given a prominent place in any book about Upland.

And most of you know a versatile, very capable man in this town who has given much of his time and effort in boosting and leading community projects. He is P. H. McQuillen. That "good fellow" Leigh Thompson would be another ideal character in any book, and so would Roy Creighton, Owen Atwood and Charles Barr.

If you belong to an organization and at any time want a good speaker—or are caught short and must produce a "pinch hitter" and you begin to scan the possibilities, it is quite likely the man you select will be Wiley W. Mather. It doesn't matter the topic—he can learnedly discuss almost anything.

There's no place to stop. Scores and scores of Upland men and women have done and are doing their bit in the community. They stand out as admirable citizens and would be ideal characters in a book of fact and fiction.

Better Houses for Mexicans Here?

Can and should the housing situation in the Mexican districts of Upland be improved? With that question in mind, a state assembly committee on rural housing has been invited to come to Upland for a hearing next Tuesday.

Here and there throughout this state and nation, new settlements with modern housing facilities have been developed to replace conditions like those in Upland. Federal funds are available in certain cases and the state committee is coming here to personally investigate the housing facilities in the local Mexican settlements.

As a member of the state committee, Godfrey Andreas has invited the group to come here. Several Uplanders are actively interested in securing better surroundings for the Mexican residents here and the committee's visit may be a start toward this needed improvement.

TIME PASSES

14 Years Ago

A storm which brought 8.64 inches of rain boosted the season total to 19.95 inches, thus ending a serious rainfall shortage.

Two elders and two trustees were reelected to succeed themselves at the annual business meeting of the Presbyterian church. Elders reelected were R. F. Lemon and J. W. Bryden, while J. L. Grahame and F. W. Palmer will serve again as trustees.

J. Stanley Wilson presented plans for the proposed new Upland Woman's clubhouse at a meeting of the building committee Tuesday morning. Mrs. E. C. Harwood will present the plans to the club.

Mrs. Harry Hedges and her wee son have left the San Antonio Community hospital and are at the home of Mrs. Hedges' mother, Mrs. John Shingler.

Mayor A. H. Johnson and Councilmen L. E. Moser and C. K. Francisco were elected to succeed themselves in yesterday's election.

A. P. Moremen is today the possessor of a strange pelican-like bird, which stands three feet high. The bird alighted in his yard Sunday, evidently being gassed by fumes from the Brea oil fire.

Mrs. Caroline Hollister yesterday filed suit in superior court against J. B. LaFourcade, asking $150,000 damages for the asserted termination of a partnership entered into to manufacture wine jelly.

Mr. and Mrs. H. H. Thomas are completing plans for the new home which they expect to build south of the old Cucamonga winery.

Guy-ser Spouts

BY THE EX-NEWS GUY

Well, it seems that Guy-ser Spouts has become a recognized department of this great religious local newspaper—it has been getting some mail addressed to it . . And that brings out the idea that if you—the general public—would like to "spout off" about something you might send us a little epistle via Jim Farley's local branch office in charge of Orton Brady. I notice by the sign over one of the windows that "General Delivery" is also located there. . . Perhaps you have some pet peeve—or something nice you think should be said about somebody or something. And be sure you sign your name—I must know who it comes from, but it is not essential that your name appear in print . . And—remember—I do not guarantee that everything that comes in will be printed—you know I am boss of this department, though I do not control anything else about the News any more . . Just address your communications to Guy-ser Spouts, Box 254, Upland.

MORE POLITICS—

Best thing I have read lately is that a third term possibility for Roosevelt is becoming a "much-diminished, rapidly fading prospect". About the worst thing that could happen to the nation would be for Roosevelt to be returned to the White House . . . and who can think otherwise after more than seven years of what the country has gone through? And you can expect the good old pump priming tactics to continue throughout the period of the national campaign. That vote-getting process will be evidenced by large farm subsidies, more money for WPA and other expenditures to get the votes of the vast army of unemployed and those on various kinds of relief.. If that's the kind of prosperity (?) you want all you have to do to continue it is to vote the Democratic ticket.

ONE-WAY ON EUCLID—

I second the motion of Crombie Allen, who a short time ago had a communication in The News urging one-way traffic on Euclid avenue. One argument I have heard against it is that pavement on one side of the avenue is rough . . . but even if so, that is a poor argument against the safer one-way traffic. I have had several narrow escapes on account of the present traffic rule on Euclid. Some drivers who do not know the difference in regulations in Ontario and Upland are of the opinion it is a one-way street in both cities and believe parties coming from the opposite direction from them in Upland are on the wrong side of the street . . . and a very natural conclusion it is. Some in Upland object to the change here because it would necessitate driving quite a distance to an intersection in order to get on the proper side of the avenue. This could be remedied—and at no great cost—by putting pavement across the parking between the numbered streets. . . Is it going to take a disastrous accident to cause this needed change to be made?

THIS AND THAT—

Rotarians were glad to see Gus Hanson out to the meeting of the club Tuesday—the first meeting he has been able to attend for some weeks. Gus has been head of the club's committee that looks after crippled and under-privileged children for more years than this Guy-ser has been a member of the club—and he has done a wonderful job! I think it can be said that fine work is Gus's hobby. There are more youngsters in this community who were brought the blessing of good health and whose deformities have been corrected through the diligence of Gus Hanson and the money he and other Upland Rotarians contributed than many people know. Neither is it such an infrequent occurrence when letters of appreciation from them come to Gus and are read at club meetings. I read that a certain writer of popular songs had only six weeks of schooling. Judging by the popular songs of today it is easy to conclude that none of them ever had any education . . . The up-keep of a pretty face is said to be just as expensive as that of the homely one. But it is difficult to tell which is the homely or pretty face these days—the possessors are too good at the plastering and makeup art . . . This leap year of 1940 should be a great opportunity for the girls with steady jobs. The boys who don't have jobs are looking for that kind of girls—but are the girls foolish enough to "hook up" with that kind of a guy? . . . It appears that many of the married gals—that is, those who got the fellows with plenty of dough—are of the opinion matrimonial bonds yield greatest dividends after they are severed.

KELLY SEAY GETS MAD, BUT LOSES

Upland Heavyweight Floored In Fourth—Gill Also Takes Tumble

BY W. H. CULP

Kelly Seay, 200 pound jaysee football player, got mad last Tuesday night at James Farrell, Los Angeles heavyweight, but Kelly isn't mad any more. Farrell showed Kelly and one of the largest fight crowds ever seen at Ontario Legion arena, that he was master of the situation by thoroughly whipping Seay. Seay took two separate nine counts in the early rounds and was kayoed in the fourth.

Jake Gill, Upland heavyweight, ran into a haymaker and was knocked out in the first round by Ernest Hill, Los Angeles. Gill stepped into the ring with a taped up back, the result of a serious sprain. No reason was given by the announcer why Jake was passed by the doctor in that condition.

The card, an all heavyweight affair, was one of the best seen in many months and attracted more cash customers than when Godoy appeared recently. Rodie O'Dooley, 200 pound Colorado scrapper, in his first fight, flattened Nate Newman, Los Angeles, in 35 seconds of the second round. Six other action bouts completed the card.

1,071 Miles of Road Built in County by WPA in 4½ Years

San Bernardino county has received 1,071.5 miles of highways, roads and streets through state, county and community sponsorship of WPA projects during the 4½ years from the inception of WPA through Dec. 31, 1939, according to a report of partial WPA accomplishments for Southern California made public by Herbert C. Legg, WPA administrator for Southern California. The totals released show that San Bernardino county stressed the need of transportation in selecting projects for WPA sponsorship.

This county and its communities sponsored more than one-third of all the 3,016.4 miles of WPA roads and highways built in the eight southern counties; comparing with 340.4 miles of WPA built roads in Los Angeles county, 181.7 miles in Orange county, 798.8 miles in San Diego county, 76.9 miles in Santa Barbara county, 484.4 miles in Riverside county.

The first morning session was held by the Woman's Home Missionary society, with the president, Mrs. Louise Wilson, conducting a brief business session.

The meeting of the Woman's Foreign Missionary society was held at 11 o'clock, with Mrs. A. H. Stull, president, presiding. Mrs. C. S. Kelley held the devotional service.

Mrs. Robert Hall completed the review of the study book, "Women and the Way", the final chapters dealing with North and South America. Continuing the theme of the program, Mrs. Ralph H. Marr spoke for a time concerning missionaries in South America and a panel discussion on the topic "Many, Many Years Ago" was held by Mrs. W. A. Getty, Mrs. W. W. Mather, Mrs. Lester P. Jones and Mrs. Thos. H. Settle. Beginning with the days of Columbus, they told of the missionary work done by outstanding leaders since that time.

Concluding the program, Mrs. Samuel Hughes spoke on "Stewardship", her talk being accompanied by a stewardship candlelighting ceremony conducted by Mrs. Harry A. McPheeters and Mrs. Robert Hall.

During the noon hour the East Side circle of the Woman's Aid society served luncheon, sweet peas being used in the table decorations.

MAY EVENTS PLANNED

Immediately following the luncheon Mrs. L. E. Moser, president, conducted the business meeting of the Woman's Aid society. Mrs. Marian Cochran led the devotional service and reports of the four circles' activities were made.

Mrs. A. H. Stull, retiring president of the Woman's Missionary Union of the Chaffey district, was elected to represent the church in the Union during the coming year.

Announcements were made of the public May day breakfast to be served in Fellowship hall by the East Side circle and of the tea to be held in the afternoon of May 2 by the Willing Workers circle, the place yet to be decided.

Plans were made for a dinner to be given by the Aid for the church members and their friends.

Q—May I withdraw a letter or parcel from the mails after depositing it in the postoffice?

A—Yes. Before dispatch from the office of mailing without expense to you, the postage affixed will be accepted in payment of postage. After dispatch, the cost of telegram and the return postage (if other than first class mail) must be paid. TECHNOCRACY IS LEAGUE SUBJECT

Fontana Woman Explains Reasons for Planned Industry And Benefits

Explaining the plan of Technocracy, Mrs. Frank Fertig of Fontana spoke to members of the San Antonio Heights League at a meeting at the Eighteenth Street school last night.

She explained that Technocrats believe that the present set-up of capitalistic industry can be replaced by a system whereby money will be abolished, where men and women between the ages of 25 and 45, working four hours a day, four days a week, will be able to adequately supply abundance for everyone. She referred to Stuart Chase's advocacy of technocratic principles, and also spoke of Bellamy's book, "Looking Backward".

Discussion of the advantages and disadvantages of such a system followed.

Dr. Charles B. Taylor presided. A pleasant social hour followed.

A talk on Alaska is scheduled for the next meeting.

A change is being made in the location of the rodeo this year. Formerly it was held in town, but this year it is to be held at the C Bar G Rancho, owned by Ca. Goodshall, one of the originators of the rode.

Last year 16,000 persons attended the rodeo in Victorville. Intercollegiate contests are scheduled for tomorrow, with Sunday reserved for the professional competitors.

Any interested person, man or woman, will be welcomed.

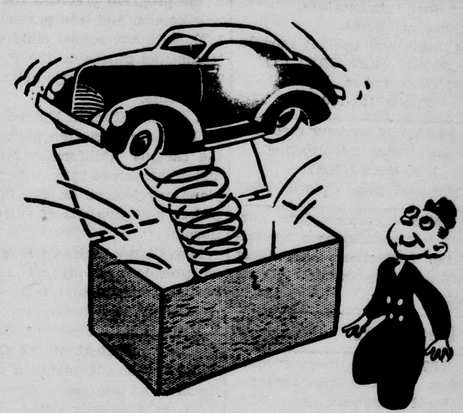

Rev. Lawhead Tells Of Opportunities in Ministerial Calling

Because the ministry provides a great opportunity for molding character is one reason the Rev. Rex E. Lawhead chose his profession, he said at the meeting of the Upland Lions club yesterday.

Dealing with personalities at all times, the Rev. Lawhead, a member of the club, said a minister has opportunities to influence people's lives. While some people expect a minister to be expert in every phase of church and community life, the speaker pointed out that a church leader should be versatile.

Rev. Lawhead recited his activities on what he called a typical day to indicate the wide variety of duties a minister must perform.

Dr. Earl L. Wenger, president, presided, and Earl H. Johnson was program chairman.

TESTS IN PEST CONTROL CITED

Speaker Tells of Efforts Being Made to Kill Citrus Enemies

"Most sensational pest control method of all time" was the way Dr. Walter Eberling characterized recent developments in citrus thrip control at a lecture given at Chaffey junior college last night. In place of sulphur, tests at the Citrus Experiment station in Riverside show, he said, that tarter emetic gives almost complete control at a cost of five cents per tree.

In his talk on "Pest Control Developments", Dr. Ebeling listed red scale as the most serious insect menace with which citrus growers must contend at the present time. During the last few years, he explained, scale insects have increased resistance to poison gases to the point where instead of a single fumigation lasting for two or three years, the grower is fortunate if it is effective one year.

Comparing relative advantages of spraying and fumigating, Dr. Ebeling pointed out that while oil is cheaper and controls spiders, fumigation is less injurious to the quality of the fruit itself. There seems to be, however, according to the speaker, no difference in production.

Discussing work of the Riverside station, the speaker told of experiments now being carried on at Cucamonga. Here very high concentrations of heavy oil are being sprayed on the trees, then removed almost immediately with an application of lime. While there are mechanical difficulties involved in this method it promises, Dr Ebeling believes, practically complete control of scale without injury to the fruit.

Political Parade

BY CLEM WHITAKER

Congressional candidates are popping up everywhere.

Long Beach, for example, is looking forward to a December and May affair—rumor having it that former Governor Frank F. Merriam, 75-year-old G. O. P.'er, will fight it out with Assemblyman Maurice E. Atkinson, 25-year-old Bourbon "boy orator", for the congressional post left vacant by the death of Representative Thomas F. Eaton.

In the first district, Publisher Paul G. Jasper of Fortuna, a former state highway commissioner, is busily rounding up endorsements from Republican county committees, preparatory to his race against the veteran Democrat, Congressman Clarence F. Lea of Santa Rosa.

The third district may see a regular, old-time Donnybrook, with the probability that Congressman Frank H. Buck of Vacaville, the Democratic incumbent, will be opposed by Senator Bradford S. Crittenden of Stockton. Critt is an up-an-at-'em campaigner

In San Francisco's fourth district, Representative Franck R. Havenner, who made an unsuccessful try for mayor last year, will probably be opposed by Assemblyman Albert C. Wollenberg, former assistant U. S. attorney. Havenner is a Roosevelt Democrat; Wollenberg, a progressive Republican.

In the seventh (Alameda county) district, Representative John H. Tolan, Oakland Democrat, may find tough opposition in Gardiner Johnson, Republican Speaker Pro Tem of the assembly.

Assemblyman Elmer E. Lore, North Hollywood, printer and ardent Olson Democrat, has decided to let somebody else carry the flag for the Governor at Sacramento and will oppose Representative Carl Hinshaw, Pasadena Republican, in the eleventh district.

Assemblyman Ben Rosenthal of Los Angeles, another Olson leader, thinks that the national capital might be more friendly, too. He will run against Congressman Charles Kramer in the 13th district. Both are Democrats.

Republican Congressman Leland M. Ford of the 16th district may have to do battle with Fred Niblo, who was one of Hollywood's top-flight film directors in the silent days. Niblo, a Democrat, has spent much of his time of recent years on his ranch in Lake county.

The tallest man in the state senate—big Ed Fletcher of San Diego, who likes to talk about his 10 children and his 15 grandchildren—is actively campaigning for

Dinner will be served at 7:00 o'clock by the wives of the Alta Loma volunteer firemen and John McKee, club president, will preside, with the election being held during the business session.

Frank Van Fleet will serve as program chairman and through the courtesy of the Associated Oil Co. he will present a motion picture program that will include pictures of Admiral Byrd's expedition to the Antarctic, the latest sports events and other subjects.
